Mobile: +91-9368361638

SKILLS

Languages: C++, Python, Java, SQL, JavaScript, PHP, TypeScript
Frameworks: React.js, Node.js, Express.js, HTML5, CSS3,
Tools/Platforms: XAMPP, MySQL, Vs code, Github, Git, Mongo DB, Ubuntu, Cisco Packet, POSTMAN
Soft Skills: Team Collaboration, Project Management, Adaptability, Quick Learning

PROJECTS

Knowledge Management System | HTML, JavaScript, Tailwindcss, *PHP* | [GitHub](#) Jul '2025

- Designed a smart auto-suggestion feature to enhance user search experience with real-time predictive text.
- Developed seamless client-server communication using PHP, JavaScript, HTML, and Tailwind CSS with efficient file-based data handling.
- Delivered fast and accurate suggestions that significantly improved search efficiency and system responsiveness.

Music Recommendation Website | *Python, Flask, Html, Tailwindcss, JavaScript* | [GitHub](#) Mar '25-Apr '25

- Engineered an intelligent music recommendation platform that delivers personalized song suggestions through real-time data insights.
- Implemented an engaging and interactive interface that enables smooth navigation and effortless music discovery for users.
- Optimized recommendation accuracy and user engagement by refining data-driven algorithms for better listening experiences.

Relief Coordination System | *Node.js, Express, MongoDB, JWT, Socket.io, REST APIs* | [GitHub](#) Mar '25-Apr '25

- Developed a backend-driven relief coordination system to connect victims with helpers and manage emergency requests efficiently.
- Implemented secure authentication and role-based access control using JWT to ensure authorized interactions between users.
- Integrated real-time updates and optimized API design to enable instant request handling and improve overall system responsiveness.

TRAINING

Centre for Professional Enhancement, LPU | **Object Oriented Programming using C++** Jun '25 -Jul '25

- Worked on writing and debugging C++ programs to improve code accuracy and logical thinking.
- Applied core C++ concepts such as functions, OOP, file handling, and memory management in practical tasks.
- Developed small C++ modules and projects, strengthening hands-on programming and problem-solving skills.

CERTIFICATES

Master Generative AI and Generative AI Tools | [Infosys](#) Aug '25
Cloud Computing | [NPTEL](#) May '25
Introduction to Front-End Development | [Coursera](#) Dec '23
Legacy Responsive Web Design V8 | [FreeCodeCamp](#) Nov '23

ACHIEVEMENTS

- Strengthened problem-solving skills by solving 150+ DSA questions across LeetCode, Codeforces, Codechef and GeeksforGeeks, covering arrays, dynamic programming, graphs, recursion, and advanced algorithms. Nov '25
- Secured a 3-star badge in Java, C++, and Python on HackerRank, demonstrating consistent Multi-language coding proficiency. Apr '25

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug '23 – Present
Computer Science and Engineering; CGPA: 7.7

Kendriya Vidyalaya Hapur, Uttar Pradesh
Intermediate Aug '21 – Jun '22
PCM; Percentage: 82%

Kendriya Vidyalaya Hapur, Uttar Pradesh
Matriculation Mar '19– Mar '20
Percentage: 86%
